

Make No Mistake.
By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CATARRH-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. \$1.00 a package, 3 for \$2.50.

Acker's Blood Elixir is the only Blood Remedy guaranteed. It is a positive cure for Ulcers, Eruptions, or Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it.

Thousands of Dollars.
Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they used only Acker's in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would remain in perfect health. It is recommended by ministers, physicians and public speakers of the Golden State. Sold everywhere by Osburn & Shoemaker, Reno, Nevada, at \$1 a bottle. Three for \$2.50.

The most stubborn case of catarrh will speedily succumb to CALIFORNIA CATARRH-CURE. Six months' treatment for all. By mail \$1.50.

For lame back, side, or chest, use Shiloh's Porous Plaster. Price 25 cents. For sale by Osburn & Shoemaker.

When baby was sick, we gave her Castoria. When she was a child she cried for Castoria. When she became a woman, she clung to Castoria. When she had children, she gave them Castoria.

Unnecessary Misery.
Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason none like to take the medicines usually prescribed. HAMBURG'S PILLS were prepared to obviate this difficulty, they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

"HACKMETACK" a lasting and fragrant perfume. Price 25 and 50 cents. Sold by Osburn & Shoemaker.

Many of the good things of this life are sorrowfully left alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

W. PINNIGER, Druggist.

Merit Will Tell.
Was never better demonstrated than when "Fryer's Achromatic Remedies" were awarded diplomas at the late California State Fair at Sacramento, and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Achromatic Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

GROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Sold by Osburn & Shoemaker.

Babies That are fretful, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by

W. PINNIGER, Druggist.

Rapid Healing of a Heart.
Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find your self short-breathed when ascending stairs, or when your heart has periods of beating fast, you have heart disease, and should take Dr. Fild's Heart Remedy. Price 50 cents. Descriptive treatise with each bottle, or address J. J. Mack & Co., S. F.

Save The Children. They are especially liable to sudden Colds, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by

W. PINNIGER, Druggist.

An End to Sore Throats.
Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped and leg amputated. I used, instead, three bottles of Electric Bitters and a seven dollar Hickman's Arterio Sclerotic, and my leg is now sound and well." Electric Bitters are sold 150 cents a bottle, and Hickman's Arterio Sclerotic at 25 cents per box by S. J. Hodgkinson & Co.

At Night Always have Acker's Baby Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by

W. PINNIGER, Druggist.

Happiness and Health.
Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy, Syrup of Figs, may be had of our enterprising druggist, Wm. Pinniger, Reno, Nev.

Live Stock Miscellany.

California has 4,683,200 sheep. White or gray horses are rarely prostrated by heat.

The official valuation of horses in Uruguay is \$3 a head.

Dakota is about to withdraw the quarantine against Chicago cattle.

The annual consumption of cattle in Uruguay is estimated at 1,145,000 head.

Over 150,000 steers are annually slaughtered in Uruguay for Liebig's beef extract.

The Colorado brand-book contains the names of 7,200 Colorado owners of cattle.

The Chicago packing-houses can slaughter and dress daily 15,000 head of steers and 15,000 hogs.

California now grows, says a veracious exchange, 20,000,000 pounds less wool than formerly.

According to assessor's returns there are 1,193,522 head of horses and mules in the State of Texas.

Not more than one-half as much Chicago dressed beef is consumed in Philadelphia as in New York.

Freights on export live stock have increased to about \$12 per cwt., and insurance to four per cent.

Horses sell by the carload in Texas at \$20 per head for choice, and \$10 a head for the poorer grades.

A car of Shorthorn steers averaging 1,600 pounds was bought in Chicago by a Pittsburger the other day at \$6 62 1-2.

The business of exporting beef and mutton from the Argentine Republic is in such a bad way, it is stated, that the Government has resolved to give export bounties on these articles.

The State veterinarian of Nebraska reports the prevalence of glanders within the borders of his State, and says that he has destroyed about 260 head of horses in trying to eradicate the disease.

Mr. Jesse Harris' latest importations from Great Britain arrived in New York early this week and will be forwarded right out to Fort Collins. The lot consists of fifty head of Shetland and Icelandic ponies and twenty-five horses—Cleveland Bays and Shires.—[Denver Field and Farm.]

During the past 26 years the number of sheep in New South Wales increased steadily from 6,119,169 in 1862 to 39,169,304 in 1886; while at the commencement of the present decennial period the number was only 21,521,662. The total clip of wool for 1886 exceeds that of 1885 by 5,138,222 pounds.

Take a half-inch or three-eighths rope, double it, pass it around the body of the cow forward of the udder, bring the end down through the loop, draw tight and make fast with a slip-knot, and the cow will not kick, says a friend, because she can't arch her back. No cow kicks unless she gets her back up.

The numerical standard of the pulse of a work or farm horse is says an authority, from 35 to 40 pulsations per minute. With the higher breeds it may be stated at from 42 to 45. The jack from 48 to 55. The perfect respiration takes place about ten times to the minute.

The quantity of wool "waste" admitted at 10 per cent duty during the first nine months of the present year exceeds 4,000,000 pounds, being more than 22 per cent over the same time last year. It takes the place of 12,000,000 pounds grease wool that can only be imported at the same rate of duty per pound.

The "hinney" is the hybrid offspring of a male horse and a female ass. It is said that they are very splendid and easy-gaited saddle animals. In Southern Europe they are highly prized and held at large prices. In this country the breeding of hinneys is engaged in by a party at Palmer Lake, Colorado, for ladies' saddle horses and the Denver market.

It is said that in the district of Roquefort, France, there is a cheese factory which uses the milk of some 25,000 ewes, turning out during the season from 3,000 to 3,500 tons. This is the celebrated Roquefort cheese, which is largely exported and commands a very high price both at home and abroad. The ewes give such an abundance of milk that their lambs get sufficiently well grown to be weaned at two months old, leaving the dam to be milked for the purpose of making cheese.

Give Them a Chance!
That is to say, your lungs. Also your breathing machinery. Very wonderful machinery it is. Not only the larger passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is but one sure way to get rid of them. That is to take Rosebush's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if every nerve in your body has failed, you may depend upon it.

Break Up.
You are feeling depressed, your appetite is poor, you are bothered with headache, you are nervous, and generally out of sorts, and want to brace up. Break up, but a little with stimulants, say in medicine, or bitters, which have for their basis very cheap, but which, and which stimulate you for an hour, and leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action in liver and kidneys, restore your vitality, and give you new health and strength. Such a remedy, the you will find in Electric Bitters, and only 50 cents a bottle at S. J. Hodgkinson & Co.'s drug store.

Renews Her Youth.
Mrs. Phoebe Chesley, Peterson, (lay county, Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50c at S. J. Hodgkinson & Co.'s drug store.

The ORIGINAL RHINESTONE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. With its larger size, it is a complete cure for all skin diseases. Ask for the ORIGINAL RHINESTONE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

TUESDAY, NOVEMBER 22, 1887

THE case of the man Dimmig, who is now charged with the murder of Benhayon, constitutes an admirable illustration of the fact that there is much in our system of criminal jurisprudence which might be changed with profit. Says the San Francisco News Letter of last Saturday: "Our system of criminal law, and its administration, is based upon the English Common Law, the leading principles of which are the right of trial by jury and the presumption of innocence until guilt is established. Now, as to this latter principle, it is doubtful whether it is half so productive of good results as the principle of the Civil Law, which does not put the whole onus probandi on the prosecution, but compels the accused person to explain away suspicious facts. This is the law as it prevails in Louisiana and one or two other States; also in Mexico, Spain, Italy, France, and the other European States where the Civil system is the basis of jurisprudence. Now, no intelligent person could have followed the developments in the Coroner's inquiry into the cause of the death of Benhayon without being convinced that the man was murdered, and that Dimmig, if not an active participant in the crime, was an accessory to it. This has been abundantly made manifest by the evidence produced before the Coroner's jury. Of course, the Coroner's quest for information is not a regular Court, and is not bound strictly by those hard and fast rules of evidence which prevail in Courts of Justice; but still, there is ample legal evidence to surround the young man with a cloud of such a serious nature that if men were to judge him as they would judge the ordinary affairs of life, they would say: Explain this away or you must be guilty. This is what the Civil Law would say. We do not mean to contend that the Civil Law, as an entirety, is better than the Common Law; but we do contend that the presumption of innocence and the question of 'reasonable doubt' lead often to the defeat of justice than to its establishment."

THE Thanksgiving proclamation of Gov. Lounsbury, of Connecticut, is one of the most remarkable productions of its kind on record. It opens as follows: "There is now no special reason for thanks more than that which has marked the years that are gone; but of all of Heaven's gifts to men life's common blessings are always the sweetest and best, and so, in accordance with a custom that is hallowed by all the ties that bind us to the past and which reaches on to the future in universal expectation, I hereby appoint," etc.

THE gold mines of Australia continue to be very productive. Some of them are more than 2,000 feet in depth, and many will be sunk even lower than that in the near future. This is contrary to the predictions of old mining experts, who said many years ago that no gold would ever be found in Australia at a depth greater than 100 feet.

AN Eastern exchange makes the following most sensible and excellent suggestions:
It ought to occur to American Anarchists that if the Constitution is worth appealing to in an emergency it is worth preserving all the time.

Ladies Guild Bazaar.

The Ladies Guild Bazaar at the Nevada Theater last evening was largely attended and highly enjoyable. The several national nursery scenes were well given, the music good and the tableaux original and pleasing. The hall was beautifully draped and the booths handsomely arranged. The lemonade stand was presided over by Miss Susie Shoemaker, assisted by the Misses Blanche Pinniger and Mary Lucas. Mrs. J. B. Williams, Mrs. Jennie Perkins and Mrs. Wm. Pinniger had charge of the candy booth. The Japanese booth was presided over by Mrs. H. J. Thye, assisted by Miss Hattie Higgins, and the flower booth by the Misses Etta Smith and Flo Pinniger. The fishing pond was managed by Miss Eugene Wall, assisted by Ida Jose, Mamie Chambers and Della Williams. Miss Cora Manning, Miss Louise Lewis and Miss Essie Boardman presided over the Little Guild, and Mrs. P. Comstock and Mrs. Beecher had charge of the refreshment stand. The fancy table was presided over by Mrs. Wm. Lucas, Mrs. Ollie Perry and Mrs. John Fulton. Mrs. Judge King, as a Gypsy fortune teller, was busy the entire evening.

All of the booths were well patronized and several of them were exhausted of their supplies before 10 o'clock. This evening will be the last opportunity for those wishing to attend.

NEWS OF THE DAY.

A Terrible Gas Explosion in Boston.

MURDERED HIS STEPSON.

Herr Most on Trial in New York City.

CENTRAL PACIFIC ACCIDENT.

John A. Dimmig Ordered Released from Custody.

[PRESS DISPATCHES TO THE GAZETTE.]

Herr Most in Court.

NEW YORK, Nov. 22.—John Most, the Anarchist, was placed on trial in the Court of General Sessions to-day on the charge of inciting violence by an inflammatory speech a week ago last Saturday night. He had been admitted to bail and entered the courtroom without an escort of policemen. Most kept his hat on after entering until one of the court officers brusquely took it off his head. Counselors Howe & Hummel were present and to conduct his defense, while Assistant District Attorney was on hand to represent the prosecution. The work of getting a jury progressed very slowly, as the talesman call expressed a decided prejudice against Anarchists in general and Most in particular.

Reduced Freight Rates Withdrawn.

BUTTE, M. T., Nov. 21.—The Union and Northern Pacific roads have withdrawn their reduced freight rates from eastern terminals to Butte and Anaconda which they announced on the 8th, and which gave much satisfaction to business men here and at Anaconda. To-day's notice of withdrawal places shippers under so much disadvantage that when the Manitoba road reaches here shippers will give it all their business. The short-sightedness of this policy is the theme of universal comment, and great indignation is felt at the want of faith of the roads.

Terrible Gas Explosion.

BOSTON, Nov. 22.—There was a tremendous explosion of gas at the Old Fellows' building this afternoon. Five persons were injured, two of them dangerously. The explosion occurred in Cunningham & Co's bicycle room. Two gentlemen in the room were buried violently against the walls and were picked up stunned and bleeding. The glass was blown across the street, and three ladies who were passing the store were badly cut. Others received slight scratches. The injured were carried to a hospital. The cause of the explosion is not known.

Perished in the Flames.

PORTLAND, Ogn., Nov. 22.—A special from Vancouver, W. T., says: A fire broke out early this morning in the old Baker House occupied by Patrick Clancy and his wife and little boy. The boy was saved, but Clancy and his wife perished in the flames, that spread so rapidly that it was impossible to rescue them. Clancy had just been discharged from Captain Frank Taylor's battery, in which he had served during the war, and for 30 years. His record was that of a brave soldier.

Railroad Men in Council.

CHICAGO, November 22.—Representatives of all the roads extending west from Chicago and St. Louis to the Pacific Coast met this morning at the office of Chairman Abbott, of the Western Passenger Association. The meeting was called to consider the action of the Burlington Railroad Company in declaring that it would inaugurate a fast train service from Chicago to the Missouri river and Denver on December 11th. This contemplated move did not meet with the approval of some of the other lines, which would in all likelihood follow suit sometime.

A Brutal Father.

CHICAGO, Nov. 22.—August Kaizka is locked up at the West Chicago police station for killing his stepson, Max Gillman, 11 years of age. The latter came home last night after three months' absence, and Kaizka whipped him unmercifully with a strap, which had a buckle on it. The boy was found dead in his bed this morning with his face and body covered with marks of the strap.

A Central Pacific Accident.

PORT COSTA, Cal., Nov. 22.—The eastbound overland fast express train over the Central Pacific, while standing on a side track near by this morning, was run into by the Sacramento local train. Both locomotives were badly damaged and the express cars telescoped. Wm. Willey and Frank Atherton, express messengers on the Sacramento train, were seriously injured. No other persons were hurt.

Was it the Work of Dynamite?

PRESCOTT, A. T., Nov. 22.—The Coroner's jury failed to arrive at a verdict as to the cause of the explosion of the boiler at Wilson's sawmill. The theory that dynamite was introduced into the boiler is rapidly gaining supporters. A number of expert engineers testified that steam did not cause the explosion, breaking the boiler into a number of pieces, as it did.

Dimmig Released from Custody.

SACRAMENTO, Nov. 22.—The Supreme Court this morning, in the case of John A. Dimmig, charged with the murder of Henry Benhayon in San Francisco, ordered him to be released from custody on the ground that a mere affidavit in the form of information, containing no evidence, is insufficient to support the warrant.

A Salt Lake Democrat in Luck.

WASHINGTON, Nov. 22.—The President has appointed G. W. Parks, of Salt Lake City, to be Receiver of Public Money at Salt Lake, vice H. C. Wallace, resigned.

Postal Telegraphy.

NEW YORK, Nov. 22.—A Washington special quotes Assistant Postmaster General Knott as saying that he is convinced the Government will establish a system of postal telegraphy within three years.

WADSWORTH.

A Batch of Goodly Items from the Railroad Town.

WADSWORTH, Nov. 21.

Editor Gazette: Wadsworth is without a shoemaker.

The new icehouse which is nearly finished has a capacity of 18 carloads.

Hon. E. Griswold, one of our merchants whose extensive business interests in San Francisco compel him to reside there, intends to visit Wadsworth this week.

Tom Cullen, who went East as a delegate to the convention of the Brotherhood of Locomotive Engineers, surprised us by bringing Mrs. Cullen with him. The sly Thomas found her in Cannelton, Ind. May all the blessings of married life be theirs.

The Wadsworth Hotel has been leased by C. D. Knopp to Wm. Nicholls. Bill is an experienced hand, having for many years carried on the business in various places in Nevada and California.

Fish shipments are on the increase, and this business is quite an industry in and around Wadsworth and the lakes.

The railroad is employing many new hands, and as Donaldson & Babcock realize this they have lumber on the ground for an addition of eight or ten rooms.

T. G. Herman has brought his Cleveland boys home, and is putting up another large barn. Tom has now one of the best dairies in the State.

The people of Churchill county say that nearly all the hay has been disposed of, with the exception of a few stacks held for better prices or for personal use.

The new 30-ton furnace at the I. X. L. will soon be ready for business. The prospects are that it will be a success, financially and otherwise.

We understand that Pike and Richards intend to put up a hotel and stable at the works.

The Furies of Wadsworth have been out in the hills for a week past on the annual jack rabbit drive. They come in at night with six or seven pony loads of the slain. The fur is used for robes and blankets, while the meat is dried for winter use. This dried rabbit flesh, smoked trout and pluenuts are the chief articles of diet, and the Indians always look fat and healthy.

The Indian school at the Pyramid reservation has an average attendance of over 70, and seems to be in a flourishing condition in every respect. Gibson is a grand success in gathering them in.

Our school children are enjoying vacation, owing to the teachers' attendance at the institute. The children of railroad men inherit many of the characteristics of their parents, and consequently are very intelligent, bright, quick and energetic. Let us hope they will have the good time they deserve.

It is rumored that we will soon lose our minister, J. M. Helsley, who, we believe, intends to locate some place in California. Mr. Helsley has labored for the good of our people, and we will be sorry to part with him. We wonder if this will leave us without a pastor just as we are about to have a new church? N. A. HUMMEL.

Sarsaparilla and Iron Water, AND NON-ALCOHOLIC ORANGE JUICE—SOMETHING NEW—Try it; call for it. All first-class saloons have it. CHAMBERLAIN & THY'S, sole agents for Washoe county, Nev. nov22dt

MOTEL ARRIVALS.

DEPART HOTEL—W. K. Patrick, J. O'Connor, C. S. Homer, E. Freeman, J. Kennedy, W. J. Benan, F. A. Goodwin, D. O. Jacobs, Miss Hall, Miss Carlisle, San Francisco; C. W. Thompson, H. M. Yerington, H. C. Davis, W. E. Smith, Carson; G. H. Cunningham, Pittsburgh; George I. Laumon, Frank Golden, Miss K. Nevie, Miss J. Crowley, Miss C. Brophy, Wm. Rogers, Virginia City; Wm. Merrill, Verdi; Z. Brooks, Oakland; Miss Nina Babcock, Lovelock; John Spark, Wells; W. F. Smith, Mrs. Charleston and two children, Winnemucca.

JOTTINGS.

Full line of five and ten cent handkerchiefs at Miss Gibbs.
Peck & Co. slaughter only the best hives on the Truckee meadows. Give them a trial order.
Matured Huckle Dew whiskey for medicinal purposes, in quantities to suit, at W. Pinner's drug store.
Light and heavy spring wagons at J. T. Longbaugh's, Reno, Nevada, as cheap as you can get them in San Francisco.
By buying your clothing at the White House clothing store you can always be sure of a perfect fit and full value for your money.
Thurston has received a fine line of Japanese ornaments that are bound to attract buyers. They are something new. Call and see them.
People do say that the drugs and medicines obtained at Facetti's drug store are always fully reliable, and that his prices are very reasonable.
Musical instruments of all kinds at Brookins'. Pianos and organs on the installment plan. Fresh fruits of all kinds, including pineapples.
You will have no reason to complain of a poor Thanksgiving dinner if you buy your turkey, "Bell Bugle" cranberries, etc., of Coffin & Larcombe.
For good wood, a full cord guaranteed, go to Haynes & Algeier. Leave orders at Rude's butcher shop or Nelson's cigar store.
A very choice line of gents' and ladies' shoes at John Sunderland's. Gentlemen will also find there a stock of the finest underwear ever brought to Reno.
W. M. Haveron's large stock of choice groceries, coffee, tea, apples, fruit and vegetables are attracting a big trade. He keeps no stale or inferior goods.
No better meal can be had anywhere on the Pacific Coast for 50 cents than that served at the Depot Hotel. All the delicacies of the season and gentlemanly waiters.
At any hour between 11 A. M. and 2 P. M., J. J. Becker sets out to his patrons an elegant and palatable hot lunch, which, with a schooner of his Wileland beer, only costs a bit.
By buying your own and your children's shoes at Thomas Burnett's you will have something left with which to purchase the balance of your clothing, besides a few bazaar tickets.
No matter what he is obliged to pay, J. Fraser will have none but the best meats to be had for coin, and his cutters are never allowed to compel customers to pay for the weight of their hands.
The Patriarch Militant have extended an invitation to the teachers attending the Institute now being held in this city to their grand ball on the evening of the 24th inst. This is a very gracious move on the part of the vets, and one which will be appreciated by the recipients of their courtesy.
The sessions of the Teachers' Institute this and to-morrow evening will be at the Baptist Church. Able speakers will be present. Everybody is cordially invited to be present.
About 700 head of bees belonging to Sparks & Tinnin arrived yesterday from Elko county, and have been placed on the Meadows to feed.
Considerable telegraph news has been crowded out of this issue by local news.
A turkey raffle will take place this and to-morrow evenings at John Becker's saloon.

BREVITIES.

Local and General Intelligence.
Several large cattle shipments were made to-day.
The west-bound express train this morning was three and a half hours late.
Several Indians arrived in town on the V. & T. noon local train to-day, with about two tons of blue suit.

The GAZETTE is under obligation to Mr. N. A. Hummel for the excellent report of the Teachers' Institute in to-day's issue.

With all her natural advantages and her many new industries, Reno is bound to increase materially in population the coming year.

Emil R. Hoffman, a miner in the Hale & Norcross, was killed yesterday by an explosion of safety nitro powder while at work in the mine.

Sparks & Tinnin are assessed \$500,000 on ranches and cattle owned by them in Nevada and Texas.

Next year our Assessor will have a whack at John Sparks, the senior member of the firm.

A very important strike was made in the Gray Eagle mine, some 12 miles north of town, yesterday. The ledge is eight feet wide, two feet of which is free milling gold ore that will work \$40 or \$50 a ton.

The tide of travel sets strong toward California, and Florida is anxiously and vainly casting about for some means to divert toward herself some share of the Winter passenger traffic now enjoyed by this coast.

From the North Belle Isle mine, Tuscarora, were shipped yesterday one and one-quarter tons of bullion; face value \$45,000 in silver and \$5,000 in gold. This brings the total shipments for the month up to date to the sum of \$85,000.

"The strange but unfathomable world of lost intellectuality hidden behind the walls of buried intellect" is a gem. It is perhaps unnecessary to state the above extract appeared in to-day's issue of our sprightly contemporary.

Cattlemen say they are assessed more in Washoe county than in any other section of the range country. The rate is \$15 on every head, and cattleman, in some cases, were required to make oath as to the number of cattle actually owned by them.

PERSONAL.

John Sparks, the cattleman, is in town.

Hon. M. D. Foley and wife, of Eureka, arrived in town on this morning's express train.

Adah, daughter of Judge D. C. McKenney, of Austin, reported to be very ill in San Jose, Cal.

Miss Nellie Musgrove, teacher at Franktown, and her mother, came over from Carson this morning.

D. O. Mills, the capitalist, was expected to arrive from the East this morning, but failed to appear.

Colonel Bob Morrow, of jury bribing notoriety, passed through on this morning's train for the East.

H. M. Yerington and wife came over from Carson last evening and returned here on this afternoon's local train.

Miss Maria Niehus, of Merrillville, California, arrived in Reno a few days ago and entered Mt. St. Mary's Academy as a boarder.

Frank Golden, of Virginia City, came down on last night's Virginia and Truckee express train and left this morning for San Francisco.

F. G. Newlands, son-in-law of the late Senator Sharon, arrived from Europe this morning and left on this afternoon's local train for Carson.

Among the school teachers who arrived on last evening's V. & T. express train were Miss K. Nevie, Miss J. Crowley and Miss Ceta Brophy, of Virginia City.

Professor Joseph O'Connor, of San Francisco arrived this morning. Mr. O'Connor is one of the most prominent educators on the coast, and has come to Reno to assist in making the State Teachers' Institute a complete success.

A Despicable Trick.
Dr. J. J. Leek, the dentist, complains of a despicable trick which was played upon him last evening by some one unknown. A large canvas sign, announcing his profession, was taken from its moorings at the Palace Hotel, and has not been returned. The doctor has decided not to put another sign out, and is making every endeavor to discover the culprit. If successful Justice Young will earn a fee.

A Suggestion for the Teachers.
It is suggested that the teachers make up a purse to have the proceedings of the institute printed at length in pamphlet form. It will give more food for thought than can be found in the columns of 12 editions of any educational journal and at a trifling expense to each teacher. Try it.

Five Candies at Naby's.
Naby received this morning a large stock of choice candies in half-pound and pound cornucopia boxes. They are fine—just the thing for Thanksgiving.

An Able Protector.
If there is a more able protector against the incursions of disease than Foster's Stomach Bitters, we have yet to learn of it. Against the periodic attacks of fever and ague it affords a sure defense, it renews waning vitality, and counteracts the infirmities of age; it prevents dyspepsia from becoming chronic, and eventually annihilates it. It rouses the liver and kidneys when dormant, and insures a regular habit of the body. To the nervous it is of inestimable benefit, imparting steadiness and vigor into an enfeebled physique. The term, "delicate health," is usually another name for debility. While the bitters is procurable, the weak need never despair of physical reinforcement. Persons whose avocations are sedentary and laborious, or involve exposure to unfavorable climatic influences, will also find the bitters an able protector.

TEACHERS' INSTITUTE.

The First and Second Days' Sessions Well Attended, Interesting and Instructive.

The eighth annual session of the State Teachers' Institute convened at 2 o'clock yesterday afternoon under the most auspicious circumstances. In fact, very few of our institutes of the past were represented on the first day by such a large attendance, and with so many of our leading educators ready and willing to lend their aid and experience for the advancement of the younger members of the profession. From the outcome we believe the proceedings will be interesting, lively and beneficial.

The "Address of Welcome," delivered by County Superintendent William Lucas, was listened to with close attention, and its many good points were stored away for future reference. The sentiments expressed by the speaker in regard to moral training are certainly the sentiments and practice of every true teacher. The speaker was warmly applauded at intervals.

At 2:30 o'clock the meeting proceeded to effect a permanent organization by the election, by acclamation, of Robert Lewers, of Lyon county, and Mark Averill, of Storey county, Secretaries. In their official capacity these gentlemen proceeded to enrollment and found 70 entitled to the privilege.

For Vice President the name of Superintendent C. H. Groves was placed in nomination, and he was elected by acclamation. Professor Groves is a wide-awake young man 26 years of age, who is now serving a second term as County Superintendent of Schools in Humboldt, a Democratic county. He was elected by a large majority, notwithstanding he is a Republican. In this able and promising young man the institute has a very efficient officer.

After the election the Chairman named the following to serve on the different committees: On Resolutions—J. E. Bray, N. A. Hummel, J. G. Young. Arrangements—O. Ring, L. De Brown, H. H. Howe, G. H. Taylor, L. L. Crockett. Music—Misses S. A. Harris, Kittie Lorenz, Ida Kline, Mrs. Dr. Thomas, Miss L. Shiel. School Legislation—Miss H. K. Clapp, M. Averill, C. S. Young, H. H. Ho ve, Mrs. E. J. Knowlton. Reception and Introduction—J. E. Bray, O. Ring, Miss M. McIntosh, N. F. Smith, Miss Kate Bardenwerper, Miss Ada Lackey, Miss Nora Quinlan.

At 7:30 o'clock P. M. the Institute convened at the Baptist Church. The first exercise was a well rendered song by the High School choir. Following came the address by President Brown, on "The Institute as an American Idea." The well-founded theories and facts set forth seemed to meet with the entire approval of the hearers, as no discussion followed.

Professor J. E. Bray, of Virginia City, came next with "The Education of the Future." He favored the industrial school system in connection with the present, and furnished references of the work of established schools of this class. He believed that within 25 years we would see the necessity of following this plan of action. The address was a literary effort of merit and we hope to see it in print that we may study it at leisure.

TO-DAY'S SESSION.
The second day's work of the Institute began at 9:30 o'clock A. M., State Superintendent Dorey in the chair. Miss Annie M. Aber, of Carson, favored the meeting with instrumental music. Next came the roll call, when, acting upon a resolution introduced by John E. Bray, each member arose as his name was called and answered by giving a quotation. The quotations were varied, entertaining and instructive representations of many minds of many men.

At 10 o'clock Professor H. H. Howe, of Carson, delivered a talk on "Arithmetic in the Primary Schools." The speaker began by asking the question, "What is arithmetic?" He believed in the use of objects from the start, and by their use would branch to the work in the four fundamental rules. By judicious questioning in regard to objects the pupil is taught position, direction, shape and some language. The mental powers of the child should be so developed that the simple combinations and calculations should be made with rapidity. Professor Howe showed how this result could be brought about by giving the real work on the blackboard. The methods so clearly explained may be applied by any teacher. If all institute work was one-half as practical as the work of this address, teachers would go home with some idea of how to do.

Mr. Ginn, of the publishing house of Ginn & Co., San Francisco, followed with more practical work and other methods. The speaker illustrated several methods in addition and subtraction, or, rather, addition only, as he would subtract by the addition method. In the combination calculation, instead of becoming a mental exercise, turns to habit.

The following members participated in the discussion which followed: E. C. Miller, N. F. Smith, Leroy D. Brown.

The duet by Miss Ada Lackey and Miss S. A. Harris, was appreciated and we wished for more. We do not have enough music.

At this point Professor O'Connor, of San Francisco, was introduced and warmly greeted. The address, "The Theory and Practice of Education," certainly presented much food for thought, and was listened to with rapt attention. The entire matter was so meritable it was hard to take notes as inclination led to take it all. Exhausting and exhaustive examination given at intervals is best mental discipline. The system of cramming is due to examination, and he who crams is always placed at the head by nearly all examiners, though the teacher who does not cram may be much more competent.

In speaking of the study of geography, the speaker believed that in starting a class in this study, we should begin with the places of residence and work to other parts of the world. About nine-tenths of the students in this study learn nine-tenths of what is of no use to them. Proceeding from here Prof. O'Connor spoke at length of necessary and useful knowledge to be gained in the work. Grammar is professed to be taught, but is not. Throw technicalities aside and correct real mistakes. Drop reflections. Remember the object to be attained and go straight to it.

It is scarcely necessary to dwell on the fact that teachers often seem to think that because education is literally a leading out, the human mind contains all knowledge, if it could only be brought forth, and nevertheless these are the very people who spend most time in filling the youthful mind with disconnected and unexplained facts. Very few look on anything but book-learning as education. At the close of the address Professor O'Connor was warmly applauded.

Professor Bray, in a few short remarks in regard to Professor O'Connor's work and the importance of its teaching, echoed the sentiments of all.

The morning session closed with a song by the University choir.

Legal Status of Reno.
At the meeting of the Board of County Commissioners yesterday for the transaction of town business the question as to the legal status of the government of the town of Reno was discussed, and in accordance with the opinion of the District Attorney it was decided by the Board that the government of the town is duly organized and now existing; that the effect of the repeal of the Act of 1879 was to place the government of the town of Reno under the provisions of the Act of 1881; that all ordinances heretofore passed by the Board in pursuance of the Act of 1879, and not in conflict with the Act of 1881, are in full force. The Board adjourned subject to the call of the Chairman and to give the District Attorney an opportunity to prepare certain needed ordinances and to revise those now in force.

Another Industry for Reno.
J. S. Wheeler, who represents a prominent shipping and packing firm of San Francisco, returned to that city this morning after a month's visit of inspection in Reno, Eastern Nevada, Salt Lake City and Ogden. He informed a GAZETTE reporter that he had decided to establish a large beef slaughtering plant here, and would return by the 15th of next month to commence the work of constructing the necessary buildings.

Justice Young's Court.
The following were sentenced by Justice Young this morning: Martin Turner, for disturbing the peace, 10 days; John Linder, vagrancy, 20 days; Paul Linox, same offense, 20 days; L. Flagg, same, 20 days.
